NICHOLLS JOINERY LTD
Excellence in Wood

A SUMMARY OF ACCOYA® WOOD

Accoya® wood is produced from sustainably sourced, fast growing wood and manufactured using Accsys' proprietary patented modification process from surface to core.

The result: a durable, dimensionally stable, reliable and beautiful solid wood with the performance characteristics of the most durable tropical hardwoods, but offering industry-leading environmental credentials.

A new world of sustainable and low maintenance windows and doors is available using Accoya® wood.

- / Accoya® wood windows and doors can be expected to last at least twice as long as engineered softwood before replacement
- / Low risk of windows and doors jamming in humid conditions
- / Coating maintenance intervals can be expected to be twice as long on Accoya® wood
- / Accoya® wood windows and doors contain no biocides
- / Thermal conductivity is improved in comparison with softwoods and hardwoods
- / Accoya® window frames are now classified as Carbon Negative over their full life cycle
